1.0 WHY BOLIVIA?

What is it that makes Bolivia so attractive to the motorcycle adventurer?

Is it the remote dirt roads which twist and turn their way through the infinite number of indigenous villages, many of which are nestled between the mountains at altitudes in excess of 4,000m above sea level?

Could the allure to this landlocked region be places such as Uyuni Salts Flats, Potosi - the once richest silver mining city in the world, Lago Titicaca - the highest navigable lake in the world, or the challenge of riding the "most dangerous road in the world" which is located just outside of La Paz?

Maybe it is simply the opportunity to see, feel and

smell, one of the few countries left in our new globalized world, where most of its inhabitants still live as their ancestors have for the past centuries?

Whatever it is, the attraction to ride Bolivia is stronger than ever and is now the most requested tour from SAMt's customers. Therefore we now offer two tours, our traditional 15 day tour and a shorter 10 day tour for those with a little less time.

During the month of September we completed the first 10 day tour to this fascinating land. We started and finished in Antofagasta (Northern Chile) and in between rode just over 3000 km of which 1000 km (approx) was gravel / dirt.

UYUNI tour Chile - Bolivia - Argentina AS REAL AS IT GETS

This was the first time to Bolivia for all the riders in this new tour, here are some of their comments:

“The experience of my trip to the highlands of Chile, Bolivia and Argentina on a motorcycle will remain forever in my memory: the emotion, nature, physical effort, beauty, skill, sadness (the fire which destroyed part of the local village in Ollagüe while we were there), concentration, fear, cultural enrichment, enjoyment, and lastly, to feel alive. Gabriela and John certainly know how to guide a motorcycle tour so they are a real success in every possible way.”

Alberto Paredes
Director Ejecutivo, Primus Medical S.A.

Most of my motorcycle experience is riding motocross, so to get on a BMW GS1200 and go for a tour through Chile, Bolivia and Argentina was of course something very different for me and an experience I'll never forget. The diversity of the landscapes and the many personal experiences was very enriching.

To find ourselves in the highland trails with people who walk for days to get food is something that I cannot get out of my memory. I think more than a “motorcycle tour”, this was an opportunity to grow as a person and to experience places I never even knew existed !
Thank you SAMt for the opportunity.”
Sincerely
Alvaro Cornejo.
Investment and advisory Soc ACV Ltd.

I wish to thank you for this incredible and unforgettable adventure of nine days which was an endless feeling of emotions. To tour on a motorcycle, this “World Class” two thousand eight hundred kilometers tour, which included some of the most beautiful roads in the highlands of Bolivia, Chile and Argentina was amazing. Also, thanks for the incredible organization and concern for every detail by Gabriela and John. ”

Cheers
Marco Cornejo, Manager - Partner, Supply Center Ltd.

Whilst it is true that Bolivia is by far the most challenging country for us from an organizational and logistics perspective, it is also the most rewarding and provides us with many opportunities to pleasantly surprise our customers. The Greatest challenges always provide the best opportunities!!

We look forward to sharing this unique lifetime experience with you, one of these days!

2.0 CORPORATE TOURS

SAMt is thrilled to be able to provide you with its new corporate / incentive tours. Incentives are, of course, a proven method of rewarding the high performing employees of your company.

These rewards and incentives are a great tool to help companies improve their overall performance levels in all aspects (sales, revenue, increase profitability, growth, employee retention etc, etc). Today salary or share incentives do not always motivate the employees as they once did.

We offer our corporate and incentive tour services that can do magic with

the employees and staff reaching that level of greatness that the companies strive for. Rewarding an employee or a group of employees is the best way to motivate them towards even greater feats.

There are countless studies that have proven travel is the top reward choice of the incentive winners. We can provide you with the right Group Incentive Tour at the right time, and there is a wide range to choose from. These tours are specially designed to inculcate a sense of teamwork among the participants. The routes are also carefully selected so the individual's latent talents and leadership qualities of the group get a chance to develop.

We will arrange everything according to your demands and wishes and we guarantee that the employees and staff will come back totally satisfied.

In a time when motorbike riding has already become popular, what matters most is the safety and security of the participants. SAMt is equipped with a good number of travel guides who are skilled enough to tackle problems that might arise and our equipment is second to none.

100% satisfaction is guaranteed and we are very proud of the level of our services.

Let us take your people to some exotic destination and we will return them to you fulfilled and with moments that are going to remain in their thoughts for many years to come.

3.0 SAMt GOES PATAGONIA

We have two new tours this summer, The Patagonia and The Antarctica Tour.

We are riding the famous Carretera Austral and the Ruta 40 until we reach the very end of the world, the city of Ushuaia.

Some highlights of these Tours are: the Argentinean Pampa, the Glacier Perito Moreno, Torres de Paine National Park, and off course the Antarctica.

The Antarctica Tours if definitely for those more adventures, this is a trip that may change your life.

It's the closest thing on Earth to go to another planet!, the abundant wildlife, dramatic sceneries, towering majestic icebergs, and surreal stillness make this tour one of the most fantastic experiences imaginable.

4.0 SAMt SELF GUIDED TOUR

SAMt has incorporated into its services the self guided tour, a different way to travel by motorbike through South America.

Our self guided tours are for those, who wish to have more independence, flexibility and freedom in terms of number of days, distance and things you would like to see or do. We will be happy to organize a self guided tour, to help you make the best out of your vacation.

We can design a tour especially for you or you can choose one of our itineraries from our guided tours. We provide you with the best motorcycles, BMW R 1200 GS, Model 2009 and with the best accommodation. All our motorcycles are fully insured and you can also count on us for full support during your trip.

This is the perfect opportunity to discover and explore unknown countries by yourself or with friends and do it in a safe and friendly way.

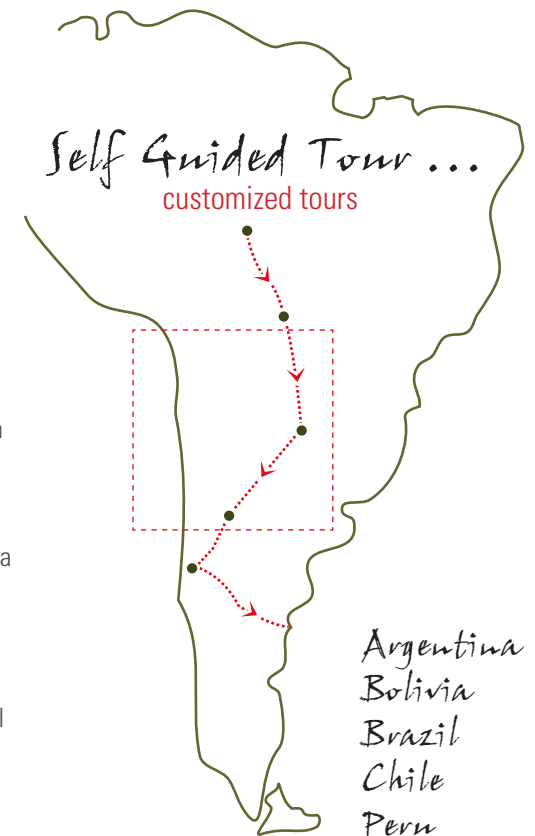

“My brother and I decided we wanted to go on a trip together in South America. We had been thinking about it for a while, however it came down to the last few weeks before we planned to go and still hadn’t confirmed what we were doing! My brother wanted to do a motorcycle trip, and it seemed like it would be a great adventure for us to ride and see the country. After trying a few sites online through out South America we fortunately found contact with SAMt. We wanted a custom ride that would fit our schedule on short notice, (about 3 weeks time!), and would still allow us to have a great adventure seeing lots of sites. SAMt really came through, planning for us an extraordinary trip starting in Santiago, and riding up along the coast, staying in beautiful ocean side hotels and then trekking through

the pisco wine valleys. The winding roads alongside the mountains were wonderful and the scenery was breathtaking, we both couldn’t have imagined a better time for our first time in Chile and SA!

Everyone was so helpful at SAMt and coordinating our trip via email before we arrived was a breeze. The 1200 BMW was a perfect bike for the ride, very comfortable and handles well. Everything was beyond what we expected, and although we didn’t have time to fit into one of the larger group tours this time, we will definitely try to get in on a longer trip in the future with them.

My brother and I highly recommend SAMt to anyone who loves to ride and wants to have a wonderful experience in South America on a motorbike with great people. We also highly suggest this type of custom tour for siblings, couples, or friends, who want a personal experience and adventure that is as beautiful as it is unforgettable.”

Karen Heston

[SAMt Rental]

5.0 SAMt RENTAL

Rental is a service created especially for those who share a passion for exploring the diversity of landscapes offered in Chile and neighbouring countries by motorcycle.

Our bikes BMW R1200 GS and FS 800GS are the latest generation which have been designed to provide quality, comfort and reliability for both the driver and pillion passenger.

We also have all the necessary motorcycle clothing and equipment necessary available for the rider and his/her companion. All our bikes are fully insured and have heated handlebars, ABS brakes, tire-pressure monitoring and are equipped with side and top panniers.

7.0 NEW OFFICES FOR SAMt

On the 21 of October South America Motorbike Tours opened its new office located in the district of Vitacura in the north of Santiago de Chile. (address: Av. Vitacura 9102).

We are sharing the building with one of the largest and most respected motorbike dealer in Chile, Promoto. This partnership allows us the possibility to react as quickly as possible to any mechanical / logistical problem which may occur and ultimately allows us to maintain the high level of service our clients are used to.
